MEMORANDUM FOR: Deputy Director for Administration  
Deputy Director for Operations  
Deputy Director for National Foreign  
Assessment  
Deputy Director for Science & Technology  
Inspector General

FROM : Daniel B. Silver  
General Counsel

SUBJECT : Remaining Agency Procedures Required by  
E.O. 12036

1. As you are no doubt aware, two sets of procedures required by E.O. 12036 to be approved by the Attorney General remain to be completed. These relate to Section 1-801 (CIA's collecting of foreign intelligence in the United States) and Section 1-805 (CIA's conduct of counterintelligence activities in the United States).

2. Attached are drafts for those two procedures which I believe are ready to be submitted to the DCI for his approval. I propose to do that next week on 23 August unless one of you finds problems in these drafts. Accordingly, I would ask for your review and, if you have areas of concern, to notify me of those concerns, prior to that date.

3. The draft set of procedures for Section 1-801 has been informally coordinated with the responsible staff at the Bureau and I understand they will recommend its approval by Judge Webster. The draft set for Section 1-805, with the exception of paragraph 5, has already been approved by Judge Webster (I understand that his staff agrees with the paragraph and will recommend that he approve its addition).
